Attachment B

COST PROPOSAL

Proposer: _____

Proposer must complete the following information.

Project Cost Proposal

Total Project Cost:

Critical Team Components

Name of Account Manager: _____

Name of Lead Consultant: _____

Name of Senior Account Director: _____

Note: The Cost Proposal must include a fixed proposed cost for each separate service being offered by the vendor. The fixed proposed cost must include all costs for salaries, benefits, indirect costs, insurance, travel, lodging, office expenses and any other expenses associated with the project. No costs other than the fixed proposed cost will be paid. A "not to exceed" bid must be furnished. The "not to exceed" amount should be calculated by adding the proposed fixed cost for each proposed service and then totaling the results. Cost can vary as services are added and removed for each separate year. For example, PBM contract renewal and procurement activities would be a one-time occurrence and not a repeating annual item.

Fixed Proposed Cost for 1st year of Contract (add table rows as needed)

Service Description	Fixed Rate	Total Cost to the Project
Total Not to Exceed Cost:		$
Year 2		
Year 3		
Year 4		
Year 5
