

Oh The Summary of Benefits and Coverage (SBC) document will help you choose a health [plan](#). The SBC shows you how you and the [plan](#) would share the cost for covered health care services. NOTE: Information about the cost of this [plan](#) (called the [premium](#)) will be provided separately. This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage, [healthchoiceconnect.com](http://healthchoiceconnect.com). For general definitions of common terms, such as [allowed amount](#), [balance billing](#), [coinsurance](#), [copayment](#), [deductible](#), [provider](#), or other underlined terms see the Glossary. You can view the Glossary at [healthchoiceconnect.com](http://healthchoiceconnect.com) or call 1-800-323-4314 to request a copy.

Important Questions	Answers	Why This Matters:
What is the overall <a href="#">deductible</a> ?	\$750 individual/\$2,000 family	Generally, you must pay all of the costs from providers up to the <a href="#">deductible</a> amount before this <a href="#">plan</a> begins to pay. If you have other family members on the <a href="#">plan</a> , each family member must meet their own individual <a href="#">deductible</a> until the total amount of <a href="#">deductible</a> expenses paid by all family members meets the overall family <a href="#">deductible</a> .
Are there services covered before you meet your <a href="#">deductible</a> ?	Yes. <a href="#">Preventive care</a> and primary care services are covered before you meet your <a href="#">deductible</a> .	This <a href="#">plan</a> covers some items and services even if you haven't yet met the <a href="#">deductible</a> amount. But a <a href="#">copayment</a> or <a href="#">coinsurance</a> may apply. For example, this <a href="#">plan</a> covers certain <a href="#">preventive services</a> without <a href="#">cost-sharing</a> and before you meet your <a href="#">deductible</a> . See a list of covered <a href="#">preventive services</a> at <a href="http://www.healthcare.gov/coverage/preventive-care-benefits/">www.healthcare.gov/coverage/preventive-care-benefits/</a> .
Are there other <a href="#">deductibles</a> for specific services?	Yes. \$100 individual/\$300 family for <a href="#">prescription drug coverage</a> .	You must pay all of the costs for these services up to the specific <a href="#">deductible</a> amount before this <a href="#">plan</a> begins to pay for these services.
What is the <a href="#">out-of-pocket limit</a> for this <a href="#">plan</a> ?	For <a href="#">network providers</a> \$3,300 individual/\$8,400 family; for <a href="#">out-of-network providers</a> \$3,800 individual/ \$9,900 family. For <a href="#">network pharmacy</a> \$2,500 individual/\$4,000 family.	The <a href="#">out-of-pocket limit</a> is the most you could pay in a year for covered services. If you have other family members in this <a href="#">plan</a> , they have to meet their own <a href="#">out-of-pocket limits</a> until the overall family <a href="#">out-of-pocket limit</a> has been met.
What is not included in the <a href="#">out-of-pocket limit</a> ?	<a href="#">Premiums</a> , <a href="#">balance billing</a> charges, health care this <a href="#">plan</a> doesn't cover, and amounts above maximum benefit limitations.	Even though you pay these expenses, they don't count toward the <a href="#">out-of-pocket limit</a> .
Will you pay less if you use a <a href="#">network provider</a> ?	Yes. See <a href="http://healthchoiceconnect.com">healthchoiceconnect.com</a> or call 1-800-323-4314 for a list of <a href="#">network providers</a> .	This <a href="#">plan</a> uses a provider <a href="#">network</a> . You will pay less if you use a <a href="#">provider</a> in the plan's <a href="#">network</a> . You will pay the most if you use an <a href="#">out-of-network provider</a> , and you might receive a bill from a <a href="#">provider</a> for the difference between the provider's charge and what your <a href="#">plan</a> pays ( <a href="#">balance billing</a> ). Be aware, your <a href="#">network provider</a> might use an <a href="#">out-of-network provider</a> for some services (such as lab work). Check with your <a href="#">provider</a> before you get services.
Do you need a <a href="#">referral</a> to see a <a href="#">specialist</a> ?	No.	You can see the <a href="#">specialist</a> you choose without a <a href="#">referral</a> .

All [copayment](#) and [coinsurance](#) costs shown in this chart are after your [deductible](#) has been met, if a [deductible](#) applies.
