The State reserves the right to negotiate with one, selected, all or none of the Bidders responding to this Solicitation to obtain the best value for the State. Negotiations could entail discussions on products, services, pricing, contract terminology or any other issue material to an award decision or that may mitigate the State’s risks. The State shall consider all issues negotiable and will not be artificially constrained by internal corporate policies. Negotiation may be with one or more Bidders, for any and all items in the Bid.

Firms that contend that they lack flexibility because of their corporate policy on a particular negotiation item shall face a significant disadvantage and may not be considered. If such negotiations are conducted, the following conditions shall apply:
